

Scalper | Reclaimers

TS1230 2 Deck Scalper | Reclaimer

9' x 4' Deck Size

TS1230

With one of the most aggressive screening actions available, the 9' x 4' (2.75m x 1.22m) Screenbox fitted on the TS1230 can separate the most difficult of materials.

Due to its light weight and superior mobility, this machine is ideal if you carry out screening jobs on small, difficult to access sites or if you need to move to different construction sites often. With fast, easy setup times and economical transport you'll not have to worry about wasting valuable operating time.

So, if you need a scalper / reclaimer that is easy and economical to transport from site to site and has the power to screen out the stickiest of material, the TS1230 is exactly what you need.

Features & Benefits

- Superior Performance 9' x 4' (2.75m x 1.22m) Screenbox
- 5.5 Cubic Yard (4.2 m³) Hopper Designed for Heavy Duty Applications
- Perfect for Contractors looking for Flexible & Portable Mobile Screening
- Lightweight & Mobile = Fast Setup and Economical to Transport

Specification

Max Feed Capacity	Engine Size	Top Deck	Bottom Deck	Middle Deck
300 T/H*	JCB 84Hp (63Kw)	2.75m x 1.22m (9' x 4')	2.75m x 1.22m (9' x 4')	-

*Depending on material density and screen set up

Dimension Specification
