

3 Deck Inclined Screeners

TS3430 3 Deck Screener

14' x 5' Deck Size

TS3430

By adding to the fantastic features and performance of the TS2430, the TS3430 tripledeck version gives you even more. With a cross conveyor and fourth product conveyor as standard, you'll get even more high quality screened products from this machine.

Just like the 2 deck version, the TS3420 excels in a wide range of applications especially fine sand screening. You'll be amazed by the quality and quantity of product this machine can produce. Designed to be set up quickly, easily maintained and operated economically, this machine will not let you down.

So, if you want more product and more capacity from your screener but don't want to run a larger machine then the TS3430 is the ideal machine for you.

Features & Benefits

- 14' x 5' (4.2m x 1.52m) Screenbox produces capacities comparable to larger machines
- High quality components makes this one of the most dependable machines on the market
- Hydraulic folding conveyors throughout so set up times and costs are significantly lower
- This machine excels across a huge range of applications

Specification

Max Feed Capacity	Engine Size	Top Deck	Bottom Deck	Middle Deck
500 T/H*	CAT 100Hp (75Kw)	4.27m x 1.52m (14' x 5')	3.66m x 1.52m (12' x 5')	4.27m x 1.52m (14' x 5')

*Depending on material density and screen set up

Dimension Specification
